It's our pleasure to invite you to join Rhine Academic Forum e.V. for the 100th Event -The Sustainable Development Forum - together with DAAD Germany-Alumni Focus.

Rhine Academic Forum e.V. is a non-governmental organization registered in Bonn. The Forum was founded by Chinese scholars in University Bonn in May 2006. Aiming at promoting academic exchange and sharing work experience, the Forum has since invited specialists in various fields for talks and discussion on different topics from basic science to ongoing social issues.

Chinese scholars have been the main speakers in the Forum, in addition to several well-known scholars and politicians in Germany including Prof. Reinhard Selten (Nobel Laureate), Prof. Wolfgang Kubin (Sinologist in University Bonn), and Dr. Hannspeter Hellbeck (former German ambassador to china, 1987-1992).

The German Academic Exchange Service (DAAD) is the largest funding organisation in the world supporting the international exchange of students and scholars. It is an intermediary for the implementation of German foreign cultural policy, national academic policy.

To stay in touch with all Chinese Germany-Alumni, DAAD with the support of the Federal Ministry of Education and Research initiated the "Deutschland-Alumni China (DACH)" project in 2006. DAAD has already reached numerous alumni with a broad range of activities both in Germany and China. All Chinese who spend at least three months in Germany for the purpose of study, research or work, are welcome to join the Chinese Germany-Alumni network.
